'Are You Carbon Ready?'
BREAKFAST BRIEFING

You are cordially invited to attend our Green IT 'Are You Carbon Ready' Breakfast Briefing, to be held in Canberra's Old Parliament House on 11 August 2009.

Be prepared for Government imposed carbon reporting, and use IT to monitor, manage and minimise your emissions!

Tuesday, 11 August 2009
8:00am - 10:30am
Registration from 7:30am

Members' Dining Room 2
Old Parliament House
1 King Georges Tce,
Parkes ACT 2600

Special address from Senator Kate Lundy

SPECIAL GUEST SPEAKER
Senator Kate Lundy
Active roles include full membership of the Environmental, Communications and the Arts Senate Committee

KEYNOTE SPEAKER
Graeme Philipson
Research Director, Connection Research
Author of The Green IT Report Card and The Green IT Readiness Index.

KEYNOTE SPEAKER
William Ehmcke
CEO, Connection Research
Green IT specialist and co-author of Connection Research's Green IT Reports.

For just $99, this event is a MUST ATTEND for executives and IT directors:
- Hear from a panel of Australia's foremost Green IT experts
- Gain an understanding of green legislation and how it affects you
- Discover how you can reduce the carbon footprint of your IT systems
- Learn how IT systems can act as an enabler in reducing emissions throughout your organisation
- Engage with industry experts to discuss whether your green practices measure up
- Enjoy a hot breakfast at Canberra's regal Old Parliament House
- Network with an executive-level audience
- Mix with industry representatives from the ACS, Computers Off and VMware

ACT NOW: Limited seats available. Call us today on **13 46 48** to secure your seat. Alternatively, simply email your contact details to: **GreenIT@excom.com.au**

"Very impressed with the quality of the speakers and the content. Congratulations to the concept as well as the delivery."
Stuart Sykes, Executive Business Development Manager, ISI

"Excellent - great speakers, catering & venue."
Lionel Bird, Progamme Manager, Deacons

"I think it is very timely for a leading and reputable training organisation like EXCOM to be developing and delivering courses around "Green IT" to ensure that there is a growing group of resources able to take full advantage of implementing strategies to minimise the impact of IT on the environment, and to use IT to the fullest extent in this regard."
John Ridge AM, Executive Director, ACS Foundation
